SHEATHING TAPE

AVAILABLE IN RED, WHITE AND PRINTED

IPG's Sheathing Tape is designed to be used for permanent seaming and sealing of joints in foam insulation and other sheathing materials. It is used to secure lap edges in house wraps and other vapor barriers, repair rips and tears in roll and batt insulation, construction films and membranes.

FEATURES & BENEFITS

- Excellent barrier for drafts around windows and door openings
- Superior bonding at sub-zero (as low as -40° C/F)
- Superior bonding at elevated temperatures
- Printed version applicable for Canadian requirements
- Available in red or white colors
- Excellent vapor barrier
- Multi-purpose construction tape
- Prevents air infiltration
