PREMIUM BUBBLE CUSHIONING PROTECTION

Durabubble™ has been engineered to stretch up to 10 times its original size. This unique feature provides Durabubble™ an unmatched ability to be tightly wrapped around the contours of products, regardless of shape and size; protecting edges and sharp corners from damage. Available in both standard and anti-static form, Durabubble™ is highly puncture resistant, and is made with non-slip polyethylene film.

FEATURES & BENEFITS

- Unmatched ability to tightly wrap around the contours of any product
- Bubble withstands pressure and abuse, absorbing & cushioning against shock and impact
- Packaged product does not shift during the shipping process
- Excellent clarity makes product more visible
- Excellent air retention prevents bubble from going flat providing continued protection
- Offers flexibility & superior protection
