# EZ AIR™ PACKAGING PILLOWS

## FOR CLEAN AND SECURE PACKAGING

Securely brace your products during transit and ship clean, professional-looking packages using EZ Air™ Packaging Pillows! Air Pillows are lightweight, perforated for easy separation and made of nonabrasive poly which will not scratch the surface of your product. They are reusable, with disposal requiring a low volume in landfills when deflated.

## FEATURES & BENEFITS

- Transparent, allowing products to be seen while secured
- Securely braces items during transit
- Lightweight and perforated for easy separation
- No messy loose fill to contend with
- Easy dispensing from box
